19	_ga	.corrierecomunicazioni.it	2	1	730	Google Universal Analytics			1	This cookie name is associated with Google Universal Analytics - which is a significant update to Google's more commonly used analytics service. The new service reduces the reliance on cookies in general, and only sets this and one other - _gat, although Google also say data can be collected without setting any cookies. This cookie is used to distinguish unique users by assigning a randomly generated number as a client identifier. It is included in each page request in a site and used to calculate visitor, session and campaign data for the sites analytics reports. By default it is set to expire after 2 years, although this is customisable by website owners. The main purpose of this cookie is: Performance
20	_gat	.corrierecomunicazioni.it	2	2		Google Universal Analytics			1	This cookie name is associated with Google Universal Analytics, according to documentation it is used to throttle the request rate - limiting the collection of data on high traffic sites. It expires after 10 minutes. The main purpose of this cookie is: Performance
